KM Newsletter

## ROM News

- After several years, we are returning to global KM summits, with events in Europe as well. You are cordially invited to join us at the Dublin Knowledge Summit. For more details and to register, please visit: <https://www.knowledgesummitdublin.com/>.
- We are thrilled to share that we have launched our 'Applying Generative AI in Organizations' course in three different languages. The Hebrew course commenced last week, and the English course has just started today with a full class. There are still available seats for our Portuguese course beginning on February 20th and our upcoming English course starting on April 4th. For more details and to register, please visit: [Link](#)
- We also warmly invite you to enroll in the KMGN 2024 course: 'Leveraging the Value Creation of Tacit Knowledge.' This course, led by Moria Levy in collaboration with Vincent Ribiere, Dan Asher, and Fisher Yu, promises to be an enlightening experience. For further details and registration, visit: [Link](#)

## Grit - Book Review

"Grit: The Power of Passion and Perseverance" by Angela Duckworth highlights passion and perseverance for success. It explores self-grit development, external influences, and practical strategies. Duckworth asserts that while talent is important, grit, the fusion of passion and effort, is essential for long-term success.
