02

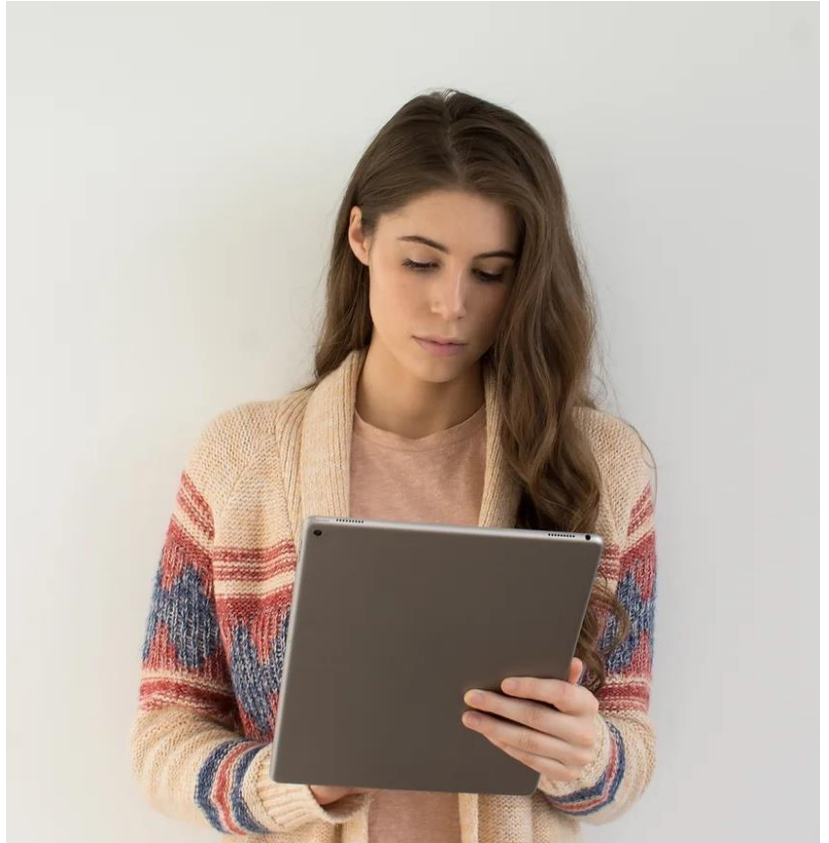

KM and me

Knowledge Management has always been present, and its impact is evident in the writer's personal and professional journey.

03

The reason I stayed in Knowledge Management: groupwork as a source of meaning, connection, growth and contribution

My professional journey as an organizational psychologist, lecturer, and Knowledge Management consultant at ROM has led me to facilitate transformative group experiences. Witnessing the growth and connection among individuals, I am proud of the impact on both the organization and personal development.
